

INNOVATOR

PARENTAGE: SHEPODY X RZ-84-2580
 BREEDER: BV DE ZPC
 BREEDER'S AGENT: HZPC AMERICAS CORPORATION

This tasty russet skin cultivar with medium maturity is the first russet skin cultivar from HZPC. While already popular in Europe, it is gaining popularity in North America as a premium baking and frying potato. Innovator has a high resistance to hollow heart and over time has consistently shown minimal problems with other internal quality defects.

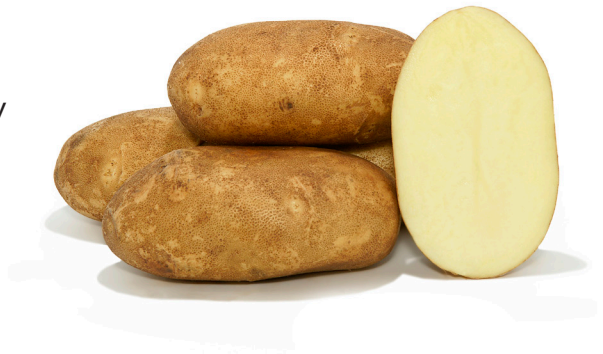

Utilization: Excellent for boiling, baking and frenchfrying
